Introduction

Dear Bookseller,

Welcome to the world of **Wilco** !

Founded in 1958, Wilco Publishing House, over the last 65 years, has blossomed into a heritage publishing organisation. Also keeping pace with the overall globalisation trend and economies of scale, Wilco offers its own proprietary 'Outstanding Works Of Universal Interest' to the World market.

With our 'Classic Library' a series of 200+ Deluxe case bound titles in easy-to-read type, printed on a natural shade paper, 'Classic Library GIANTS' — 45+ titles, 'Classic Library Boxed Sets', & 'Classic Omnibus', we bring you evergreen classics telling tales of a bygone era. This entire range of titles are great treasures and have an everlasting shelf value. The 'Inspirational Library' series with 30+ titles is presented in the same format as the Classic Library series to complement it.

We broke new ground in Children's books a decade ago and now proudly showcase our enchanting range of popular story book series 'Aesop's Fables', 'Fairy Tales', 'Illustrated Classics', 'Bhagawat Purana', 'Illustrated History Of India', 'Arabian Nights' and 'Illustrated Shakespeare' that will interest young readers. The vibrant illustrations in full colour, imaginative and appropriate typography and various choices of paper, will appeal to worldwide markets because of their content and attractive pricing. We have also chosen to make learning a fun experience for children by introducing an exhaustive range of 'Edutainment Books' (Educational Entertaining & Activity books) that help develop overall skills, such as 'Handwriting', 'Math', 'Spelling', 'Sentence Formation', 'Observation', 'Concentration', 'General Knowledge' & 'Grammar'. The young mind finds our illustrated edition of Idioms and Proverbs appealing, making learning an enjoyable experience.

In the strong belief that the medium of a comic book attracts all ages especially the young ones, Wilco resolved to use this avenue to present 'Edutainment' for widespread knowledge

and enlightenment in the form of Wilco Picture Library, currently a series of 144 titles covering subjects as varied as Mythology, History, Divinity, Tales, Biographies, Poets, Leaders, Inventions, Discoveries, Cities, Festivals, Sports, Classics etc. With vivid illustrations, simple language, extensive research, and highly attractive production values, "Wilco Picture Library" make reading and learning a fun experience "For your child and the child in you!"

Our recently launched 'bestsellers' are the Big Book of Knowledge and Encyclopedia of Questions and Answers, which are 384 pages with full colour illustrations and printed on high quality art paper. Even though these have a high quality production and hard case binding, the main USP and attraction to the consumer is the affordable prices at which they retail.

Another popular series added to our array of publications are the IQ and Sudoku titles especially developed for kids/juveniles of various age groups and IQ levels.

Foreign Rights for publication in different languages of the world, special print runs, co-editions and ready stock for wholesale and retail markets are just an email away. We also specialise in putting together appropriate packages to suit specific market needs.

On behalf of the entire team at Wilco, I wish you all a wonderful and productive year ahead!

The background of the slide features a pattern of overlapping hexagons. The hexagons are rendered in various shades of red, from deep crimson to light pink, creating a textured, honeycomb-like effect. The word "Classics" is prominently displayed in the upper left quadrant in a white, serif font.

Activity Books

The background of the image features a repeating pattern of stylized hexagons. These hexagons are rendered in various shades of green, from a deep forest green to a lighter, almost lime green. The hexagons are interconnected, creating a honeycomb-like structure. Some hexagons have a slightly darker, more saturated green fill, while others are lighter, creating a sense of depth and texture. The overall effect is a vibrant, organic pattern that serves as a backdrop for the text.

The background of the image features a repeating pattern of light green hexagons. Each hexagon is outlined with a thick, dark green border that has a slightly irregular, hand-drawn appearance. The hexagons are arranged in a staggered grid, with some appearing more prominent than others due to the layered effect of the borders. The overall color palette is monochromatic, consisting of various shades of green.
